ABOUT OUR COMPANY

Adak Eagle Enterprises, LLC started out as Adak Telephone Utility in November, 2004. It is a minority and veteran owned company which does business on the Island of Adak. Adak Island is part of the Aleutian chain and serves as a single exchange for the residents. The company is headquartered in Anchorage, Alaska, which is approximately 1,200 miles east of Adak Island. The island was used by the US Military from the 1940s until it was shut down as part of the base reassignment and closures in 1996.

When the Navy controlled Adak Island, it also controlled all telecommunications there. In fact, the Regulatory Commission of Alaska (RCA) and Alaska Public Utilities Commission never certified the area, and no other local exchange carrier provides or ever provided service to Adak. Two carriers, GCI and AT&T Alascom, presently provide inter- and intra-state telecommunication services on Adak, via satellite. Although the facilities were originally built to serve Navy requirements, both companies provide long distance service to the Island of Adak and have committed to continue doing so.

Adak Eagle Enterprises, LLC (AEE) provides all of the telecommunications services on Adak, including IPTV, Broadband, and Cellular. In November 2006, AEE replaced all copper facilities with Fiber Optic to the premises and central office. In October of 2008, AEE launched cellular service for Adak and the surrounding area. AEE strives to provide the most reliable and well-rounded telecommunications service for Adak.

AT&T Alascom satellite earth station and GCI's satellite earth station provide satellite delivery of telecommunications traffic, and are the only active routes off the island for long-distance telephone. On November 11th, 2006, AEE's new T-7000 switch replaced the old PBX system the Navy left behind.

Adak Eagle Enterprises, LLC (AEE) is proud to provide leading edge ISP services to both the city of Adak - the western-most city in the United States - and Adak Island itself.

Voice Mail Retrieval

- From the subscribed phone, dial *83.
- From any other location, dial 907 592-1000. When it asks, enter your entire 10 digit phone number. Listen for a prompt for your password, then enter it.

Voice Mail Message Controls

1 - Interrupt message introduction

* - Rewind the message by 3 seconds

- Forward the message by 3 seconds

After Message has played:

5 - Repeat the current message

6 - Play the next message

7 - Delete this message

8 - Forward this message

9 - Save this message

Main Menu Options

1 - New messages

2 - Change folders

0 - Voice Mailbox Options

* - Repeat the Menu Options

- Exit from the Voice Mail System

Voice Mail Box Options

1 - Record your unavailable message

2 - Record your busy message

3 - Record your nam

4 - Record your temporary greeting

5 - Change your password

Record a Message/Greeting

After the tone, say your message and then press the # key.

Voice Mail then gives you these options:

1 - Accept this recording

2 - Listen to the recording

3 - To re-record your message

Change Your Password

Enter your new password, followed by #. You will be asked to enter your new password again, followed by #. It will then confirm that your password has been changed, and return you to the Voice Mailbox Options.

Call Forwarding On (*72)

This allows you to re-direct calls intended for your line to another specified line.

*Press *72 and then dial the number where calls will be forwarded.*

*Press *73 to turn off Call Forwarding.*

Call Forwarding Busy (*90)

This allows you to re-direct calls intended for your line to another specified line when that line is busy.

*Press *90 then dial the extension you wish to forward your calls to.*

*Press *91 to turn off Call Forwarding Busy.*

Call Forwarding No Answer (*92)

This allows you to re-direct calls intended for you to another specified line when the telephone rings and is not answered.

*Press *92 then dial the extension you wish to forward your calls to.*

*Press *93 to turn off Call Forward No Answer.*

Call Reject (*77)

This allows you to reject calls from caller whose number is blocked when calling. When Call Reject is active, you receive no alerting for a call and the call is rerouted to a denial announcement and then terminated.

*Press *77 to turn on Call Reject.*

*Press *87 to turn off Call Reject.*

Incoming Call Block (*80)

This allows you to activate a personalized screening list of directory numbers (DNs). People calling from these DN's are directly routed to a rejection announcement and your telephone does not ring.

*Press *80 to activate Incoming Call Block.*

*Press *60 to deactivate a personalized screening list of DN's.*

Selective Call Acceptance On (*64)

This allows you to receive incoming calls only from a specified list of numbers.

*Press *64 activate Selective Call Acceptance.*

*Press *84 to turn off Selective Call Acceptance.*

Priority Call On (*61)

This allows you to create and edit a screening list and assign a distinctive ring to each DN (up to 10) in the list.

*Press *61 to turn on Priority Call and to activate the Priority Call screening.*

*Press *61 to turn off Priority Call.*

Caller ID Block (*67)

This allows you your name and number to stop appearing on a display device.

*Press *67 to turn on Caller ID Blocking.*

Adak Eagle Enterprises, LLC

Customer Proprietary Network Information (CPNI)

As Adak Eagle Enterprises, LLC provides products and services to you, we gather information about the technical configuration, quality, type, destination, and amount of products and services you use, as well as other information found on your bill (“Customer Proprietary Network Information also known as CPNI”). Under federal law, you have a right, and Adak Eagle Enterprises, LLC has a duty, to protect the confidentiality of your CPNI. To serve you in the most effective and efficient manner we may use your CPNI for purposes of determining and offering other products and services that may benefit you.

Adak Eagle Enterprises, LLC may also disclose, share or permit access to your CPNI on a limited, as needed basis with trusted agents and contractors that assist us in providing you with communications related services. Contractors and agents, as well as Adak Eagle Enterprises, LLC share a duty to protect your CPNI. Adak Eagle Enterprises, LLC will not disclose or sell CPNI, unless required to do so by operation of law.

However, if you desire, Adak Eagle Enterprises, LLC will not use or share your CPNI to offer products and services that are unrelated to the services you currently receive from us. Examples of such services include but are not limited to, Internet or Digital TV. If you prefer that we not use your CPNI for this purpose, you may opt-out by calling Adak Eagle Enterprises, LLC at 1-907-222-0844 or 1-888-323-4222. Adak Eagle Enterprises, LLC will not use your information for 33 days after mailing this notice to give you time to make your choice. Your decision to opt-out will not have any impact on your current services. Also, your decision on whether or not to opt-out is valid until you decide to change it. As such you may, at any time, opt-out or revoke your previous decision to opt- out by calling the number listed in this notice.

This image shows a full page of blank, lined paper. It features approximately 20 evenly spaced horizontal grey lines across its entire width, providing a guide for handwriting or typing. The paper itself is a clean, off-white color.[illegible]
